

Books that are designated for summer reading as well as for book studies and class books are blocked so that students do not read the books too soon. Students should not read any of the books that are on the list unless they are in a grade above the grade that is listed for the book. For example, a fourth grade student could read any of the books that are listed for second grade and third grade if they have not already read that particular book.

**Blocked AR Tests  
2019-20**

| <b>Book</b>  | <b>Reason</b>                          |
